

A scenic view of snow-capped mountains under a clear blue sky. In the foreground, a ski lift with two empty chairs is visible, suspended from cables that stretch across the frame. The mountains in the background are rugged and covered in snow, with some rocky outcrops visible.

# IMPORTANT INFORMATION:

- ❖ • Please take note that whilst skiing is a fantastic sport it requires a certain level of fitness. The sport itself is very demanding on the muscular- skeletal system and cardio-respiratory system. Pupils are expected to ski every day and they will get tired. We would ask that you take this into consideration when applying for a place on the trip.
- ❖ • It is also important that pupils understand that they cannot simply choose not to ski for a session and stay in the hotel. It is extremely difficult for pupils to 'catch up' if they miss lessons.
- ❖ • We also reserve the right to only take pupils whose behaviour in school is excellent. There are too many risks to take any pupil who will not listen to members of staff. This will be guided by Classcharts reports and general staff views. Consultation will take place with the respective Head of Year before places are allocated.

**PLEASE COME TO THE PE OFFICE TO COLLECT A LETTER.**
